**CANDIDATES WHO WISH TO RE-TAKE THE TEST
UNDER A MONTH FROM THE LAST TEST**

ISLPR Language Services Pty Ltd has been receiving frequent requests from Candidates who wish to re-take a full or part test under a month from the last test.

We do not think it is in your interest to repeat tests too soon. You need to give yourself time to develop your language skills or you risk wasting your test fee. Our best advice is that you leave at least a month between tests.

If, despite our advice, you still want to re-take the test under a month, please sign the form below and attach it to your application.

.....

I understand that ISLPR Language Services advises candidates that they should wait at least one month between tests. However, I wish to apply for a test for an earlier date as on the attached application form.
